1. Icebreaker

2. Refreshers from Last Meeting

- Group Agreements
 - Come to the discussion with an open mind and heart
 - Show up and be present in whatever way you are most comfortable (cameras on or off, speaking up or adding things to the chat, everyone is different)
 - Be able to see, support and respect one another's point of view, respect and honor our differences, create an open, safe space.
 - Understand that we each bring individual experiences and perspectives, don't make assumptions based on the different identities people bring to the space (young people, elders, people of color, etc.)
 - Make space for each person to participate, for self-reflection and collective reflection
 - Be transparent, share power, and work towards building trust
 - Be bold together and think generationally and creatively
 - Focus on what's possible, what are the opportunities - as opposed to jumping to the risks and what can't be done
 - Respond to and engage with what individuals are saying so they feel heard, write down and consider all ideas, even if they don't all make it into the final plan
 - Respect everyone's time and provide the opportunity, tools, and resources to be successful
 - Provide meeting notes, agendas, and intended outcomes for people to reflect on outside of the meetings

3. Update from Staff

- Do folks have any thoughts on which group would be the most helpful to meet with for about half our time (about 1 hr) in January, February, or March?
- Notes:
 - Infrastructure (integrate light rail, sidewalks, trails with infrastructure)
 - Neighborhoods group (what areas have been underserved for transportation)
 - Environmental

- Defined statement as to why we are getting together and what the objectives are.
- Can you provide feedback to xyz based on your group's discussion?
- Discussion Prompts:
 - What is missing from the list we created?
 - Is there more detail we can add to any of these notes on the JamBoard?
 - Are there any themes we are seeing coming out of our discussion and comments?
 - What are priority policies for this group?
 - Q2 on Jamboard about limitations - do folks have more insight on this?
 - What other working groups may have overlapping policies?
 - Environment; Housing and Neighborhoods; Infrastructure; Spanish; and Education, Jobs and Training
- Group worked on filling in the JamBoard with transportation policy ideas and barriers or limitations to our community vision

4. Finishing Up

- Next meeting will be in January and determined by a doodle poll. We will also work to coordinate which other working group we will be meeting with based on our discussion and other group's discussions.
- What can we work on individually before then?
 - Notes:
 - Look at other groups' goals and objectives.
 - Be ready to have narrowed down priorities and start to identify gaps
 - Look at Minneapolis 2040 Plan to see how some of the ideas may be written as policies
- Is there anything you want to see Planning Staff working on before our January meeting besides drafting policy language?
 - Notes:
 - Organize policy ideas on jamboard by Transportation Objectives and also working group theme (env, neighborhoods, infrastructure, etc.)
 - Share Transit Plan updates at meetings
